

Goodwill Donation Valuation Guide

How much can you deduct for the gently used goods you donate at Goodwill? The IRS allows you to deduct fair market value of used items in good condition. The quality of the item when new and its age must be considered, but it must be in good condition to allow a deduction. For more information about tax deductions, visit www.irs.gov.

Below is a list of what items generally sell for at Goodwill retail stores. Prices are only estimates. Items are assessed individually and priced accordingly.
